## NOTES ON NEWS OF THE DAY.

There is no surplus. — UNITED STATES TREASURER HYATT.

THE Evening Sun is of the opinion that the registration in that city last Saturday afternoon is illegal because it occurred on a half holiday, when all state business is suspended by law. It estimates the number thus registered at 38,021.

YELLOW FEVER is still raging at the South and the deaths at Jacksonville average about 3 per day. Yesterday there were 4 deaths and 38 new cases. The total number of deaths has reached 352 and of cases 4,095. The latter figure is equal to eight-fifths of the entire population of the city in 1880.

THIS is the vigorous manner in which Gen. Francis E. Spinner, United States Treasurer under Lincoln, resents the infamous slander that he has come out for Cleveland:

PARKER BRANCH, via Jacksonville, Oct. 27.—Who ever says that I have intimated that I should vote for Cleveland is an infernal liar, and whoever believes this is a silly fool. My heart and soul yearn for the election of Harrison, Morton and Miller.

F. E. SPINNER.

MR. CLEVELAND did not attend to his registration in Buffalo on the first or second day, and can now become a voter only by appearing in person and demanding registration Nov. 2d. This would be so late that the great moral example of the President discharging the duty that the humblest citizen owes to his country and is proud to perform will be lost.

GEN. HOOVER, who has been all over Indiana in his canvass for Governor, says the state will give Harrison 15,000 majority. There are 22,000 Democratic ex-soldiers in Indiana, and two-thirds of these are for Harrison. Of soldiers' sons 65,000 are voters for the first time, and two-thirds of these are Republicans. Then there is a large Democratic defection among workmen everywhere.

THE Albany Argus ridicules Moses W. Dodge, the Republican candidate for Congress in the Albany district, as a shoemaker. As Mr. Dodge learned the trade before he became a student at the Rensselaer Polytechnic Institute, he does not deny the soft impeachment, and is evidently not ashamed of it. His opponent, Charles Tracey, is a distiller, but represents himself in the Congressional Directory as a "manufacturer." Mr. Tracey is the candidate who is ashamed of his trade.

THE Buffalo Express gives one pointed reason why Cleveland is to be worse beaten in that city than he was in 1884. It says: "Fresh provocation has come with the knowledge that Grover Cleveland does not esteem citizenship in Buffalo worth \$96.13." This was the amount of tax to escape payment of which Mr. Cleveland informed the authorities that he had ceased to be a resident of Buffalo and ordered his name erased from the voting list.

ROGER Q. MILLS continues, solitary and alone, wandering through the North and talking from Democratic stumps. The trouble with Mr. Mills is that he is afraid to go home. He has stirred up a political earthquake there, and it yawns especially and hungrily for him. Mr. Mills is slow in discovering that his speeches are no longer wanted. The party having abandoned its "campaign of intellect" and settled down to the solid work of stealing two or three states, further oratory even by an idolized Confederate Brigadier is a little superfluous.

THE most surprising Democratic desertion is that of Gen. James M. Nelson of Nyack ex-Assemblyman, State Committee-man, etc. He served in the Assembly as a Democrat in 1870 and 1871 and again in 1878. He declares he shall not vote for Cleveland this year, and don't see how any other man can do it. He has known Gen. Harrison for years, and testifies that he is thoroughly honest, upright, able, possessed of the strength of his convictions, and not in danger of being ruled by anybody. Gen. Nelson's conversion will sweep away the slender Democratic majority in Rockland county, which dropped from 1,104 in 1884 to 569 in 1887.

DAVID B. HILL's voice is for war! He informs the Democrats of New York that they will be justified in taking possession of the polls. The time for Mr. Hill to have yearned for war was in 1861, when he was an able-bodied youth of eighteen. The war lasted five years and he grew to the age of 23 before it closed, and yet he did not put for the glory field. But he had two brothers who made a record; they went from a New England state to fight on the Democratic side, and have since preferred to remain adopted citizens of the sunny South. There is fighting blood in the family we suppose, but in David's case it should have got warmed up some twenty-six years ago.

A DEMOCRATIC plot to steal the state has just been uncovered. It is on the same plan as those of 1868 and 1884, but on a larger scale. In the former year the vote of New York was held back till the rest of the state had been heard from, and then enough spurious votes were added to the tally to elect Hoffman and give the electoral vote to Seymour. In the latter year they got a majority for Cleveland by bribing a few poll clerks on Long Island. Now similar work is to be done in New York and Brooklyn and all the large interior cities, and also in Chequamegon, Orange, Putnam, Westchester, Queens, Richmond, Suffolk and some other counties. "Big money" is to be paid to the election inspectors who enter into the scheme, and liberal promises of office will be added. The returns in these selected districts are to be held back till the rest of the state is heard from by the Democratic National Committee. Then this committee will instantly notify each purchased ballot of the number of votes necessary to be added in order to carry the state by 20,000 majority, the figure fixed upon. The work is in the hands of adroit politicians, several of whom have come up from Baltimore and have made a fine traveling way to the selected districts, making *plunge* and *lucy* by circuitous routes. They have plenty of money with which to bribe the inspectors. But the discovery of the scheme will defeat it. The polls all over the state will be vigilantly watched, and fraud will be impossible.

The Sum Subscribed Now Foots up to 12,880 Pounds—John Redmond was Released from Tullamore Jail To-day—Other News.

By Cable to The Freeman.

LONDON, Oct. 30.—The Parnell Commission reassembled to-day. Attorney General Webster asked the Court to enforce its order giving the *Times* counsel permission to inspect the books of the League in the keeping of the Hibernian, National and Munster Banks.

Sir Walter Phillimore, counsel for the Hibernian Bank, contended that the Commission had no power to compel the production of the books.

Presiding Justice Hannan said he did not discuss the question. If the banks under color of producing the privacy of their clients, obstructed the orders of the Court, the Court would be constrained to put its powers into force.

Sir Charles Russell, counsel for the Parnells, intimated that his clients had not the slightest objection to the production of the books. The Court then heard formal evidence proving the correctness of the short-hand notes of the speeches from which the Attorney-General quoted in his presentation of the *Times* case, last week.

Sir Charles Russell raised a question regarding the order in which evidence shall be submitted. He said if the *Times* counsel conducted their case in a biggish-piggish way like Attorney-General Webster's opening address they would never get to the bottom of it.

Justice Hannan said he hoped the evidence would be brought in in orderly sequence.

The Attorney-General promised to consult the convenience of the parties implicated and said that as far as possible he would apply them of the order in which his side would submit their evidence. Adjourned.

Letter From Secretary of State in Relation to Seizure of American Steamer.

By Telegram to The Freeman.

NEW-YORK, Oct. 30.—The seizure of the American steamer Haytian Republic has become an international episode as will be seen by the following letter from Secretary of State Bayard:

DEPARTMENT OF STATE, WASHINGTON, Oct. 29.

Messrs. Lord & Austin, New-York City.

GENTLEMEN—I have to acknowledge the receipt of your letter of the 27th instant, in which you inform the Department of the seizure of the American steamship Haytian Republic at St. Marc, and request that in view of the fact that the steamer is owned by a citizen of the United States, the Department be instructed to protest against the action of the Haytian authorities, and inform him that a man-of-war will be ordered to protect the steamer, as soon as possible. I am, gentlemen, your obedient servant,

T. F. BAYARD.

The cruiser Boston is now at some Central American port beyond the reach of the telegraph. Efforts will be made to communicate with it, and it is expected the vessel will be able to reach Hayti in a few days.

## GREAT CONSTERNATION IN COLORADO.

Man Who Claims All the Land on Which City of Greeley is Built.

By Telegram to The Freeman.

DENVER, Col., Oct. 30.—David Terrill, a well-known sporting man, filed an application in the local land office, September 25, asking permission to make a homestead entry for the land upon which the City of Greeley, a town of 7,500 population, now stands. The local land office refused the entry, alleging that tract asked for belonged to the Great Western Land and Cattle Co. Terrill appealed from the decision of the local land office. At the time that he asked to homestead the land office here that the timber claim had been allowed by the Secretary of the Interior, and that the same claim would be withdrawn from the public domain. The property in question includes that portion of Greeley upon which the most valuable real estate in the city is situated. The timber culture claim on land which is situated near Greeley. perience—the man who has beaten Mr. Bay-  
ard in every diplomatic negotiation, transac-  
tion or conference—likely to be drawn into a  
trap? And is Chairman Quay so excessively  
verand as to send a man to California, and  
to the little hamlet of Pomona, to write a let-  
ter which could have been written with equal  
effect from any obscure neighborhood in  
New York or Pennsylvania?

It is not the awful trickishness of the Re-  
publicans, but the awful cowardice of the  
administration, that disgusts the country. No  
man is made yesterday. We learn by the  
Star's Washington dispatches that both the  
President and Mr. Bayard locked them-  
selves up and refused to talk. It was learned,  
however, that "the President and Secretary  
Bayard confidently expect that Lord Salis-  
bury will see the true nature of the breach of  
international courtesy which the British min-  
ister has committed and recall him." This  
is where the case stands nine days after the  
"breach of international courtesy" became  
known, and six days before the election. The  
President knows that himself, the Senate and  
the whole nation have been grossly insulted;  
he knows that his cowardice and "humili-  
ties" degrading the British government  
is costing him thousands of votes every hour,  
and still he dares not act. The people are  
going to take the case out of his hands on the  
6th of November. They will then elect a  
President who had the courage to fight as a  
soldier, and who is not even suspected of  
such weakness of backbone as would prevent  
him from asserting and maintaining the dig-  
nity of the government on all needful and  
proper occasions.

## GOV. HILL COUNSELS VIOLENCE.

The Democratic party in New York pre-  
tends to be thrown into spasms of alarm be-  
cause more than 600 names have been regis-  
tered in some of the voting districts. They  
claim that it is a physical impossibility for  
the clerks to receive and record that number  
of votes in ten hours, or at the rate of one a  
minute. This is only a pretext, as the voters  
of every city in the state are aware. In the  
ninth ward of this city 690 votes were cast in  
1884, and nobody was inconvenienced. The  
same year 1,050 were cast in the first district  
of Wawarsing, 975 in the first district of Saug-  
erties, and 765 in the first district of Rosen-  
dale. In Livingston County the first district  
of Mt. Morris cast 1,006 votes; the second  
district of Lenox, Madison county, 892; the town  
of Herkimer, a single district, 1,103; the first  
district of Little Falls, 1,413, the second dis-  
trict of German Flats, Herkimer county,  
1,145; the first district of the eighth ward of  
Rochester, 1,319, etc. The 28 election dis-  
tricts of Rochester cast 20,051 votes, an aver-  
age of 748 votes per district.

But the Democrats of New York are so  
alarmed at the increase of registration (due  
in a large measure to Democratic repeaters  
and importations from other cities) that they  
today they took counsel of Gov. Hill. The  
Governor informed them that he should not  
call an extra session of the Legislature to  
change the law because it was not likely that  
a Republican Legislature would pass a law  
that would deprive their party of an advan-  
tage. He concluded his suggestions as fol-  
lows (see the Evening World of last evening,  
first page, fifth column):

"There is nothing that can be done now either  
in the way of extending the legal hours of voting  
or increasing the number of inspectors or poll clerks  
that will relieve the pressure at the polls.  
The voters will be deposited, however, you may  
depend upon it, even in this premature election,  
in the Twenty-second Assembly, where it is said there  
are 1,000 registered voters.  
The one thing always set at 1 o'clock, and very  
often when the Legislature says it will adjourn at 12  
o'clock, it has been changed to 1 o'clock, and the  
clocks outside the chamber were a good deal faster  
than the Legislature's. Every man who is in-  
tended to vote should be permitted to do so.  
"Supposing an attempt is made to delay the vot-  
ing by the police by the Republicans in the heavy dis-  
tricts."  
In such a case, if the Democrats thought they  
were being cheated they would probably block the  
game in short order by taking possession of the polls  
and setting off their own vote. The Republicans  
if they do this in any of the heavy districts  
that have been charged with fraud, they will be  
guilty of a crime. It is safe to say that they will be  
as early as their adversaries, and that they will stay  
there until every one of their votes are counted, or  
until every man has voted."

Gov. Hill expects the Democrats to take  
possession of the polls if delay is occasioned  
by Republican challenges of the repeaters  
and imported ruffians who are paid to vote  
upon fictitious names, names of dead men,  
and of men who have removed from the  
city. The words of the Governor are a dan-  
gerous and deadly encouragement to violence.  
He advises violence. He is commander-in-chief  
of the military forces of the state. He gives notice  
that he is ready to back Democratic secondaries in  
taking possession of the polls and keeping them open  
all night if necessary in violation of the laws of  
the state. Democrats can hold the polls against  
the Republicans on the faintest pretext, and  
keep on voting till they are tired. This is a  
rather remarkable program even for David B.  
Hill. Does he suppose that if it is carried out  
the votes cast will be counted to his credit  
or that of Grover Cleveland? And if there  
should be bloodshed would he expect to escape  
responsibility?

Mr. Cleveland, by his message, for which I  
truly thank him, has challenged the  
industry of the country to a fight of  
extermination. \* \* \* It is useless for us  
to dispute the fact that the fight is to the death,  
and we would be better to ignore this.—SEN-  
ATOR V. L. LETTER TO MR. NAPTON (DEM.)  
OF MISSOURI.

## LOOKS LIKE BULLDOZING.

When an Elmira manufacturing firm sent  
the pay to its employees in envelopes bearing  
an argument in favor of protection, Gov.  
Hill's paper, published in that city, went into  
hysterics over the awful intemperance of  
the paper published in New York in the interest  
of Gov. Hill—the Democrat. That paper  
the other day threatened the churches with  
the taxation of their property unless the  
ministers stopped their denunciations of  
Hill. In the same issue the National Guard  
was given to understand that the Governor  
would sign no bills making appropriations  
for armories unless the members voted for  
him. Still more recently notice was served  
upon Frank W. Thomas, a Notary Public  
of Troy, that he must stop taking affidavits  
upon fraudulent registration for the Republican  
county committee, or he could not expect a  
reappointment. These things look like bull-  
dozing. Is anybody scared?

## THE COST OF LIVING.

It is Lower Now than Ever Before in this  
Country.—The Free Trade cry that the  
tariff involves the loss of the consumer's  
money has been proved to be false—  
Wages compared.

Notwithstanding the enormous burdens  
which the free traders would have us believe  
the cost of everything we buy, it is a fact  
that the cost of living was never so low in  
this country as now—that is, considering the  
method. We suppose, says *The American*  
People, that the bookkeepers of a century  
ago lived cheaper than the artisan of today,  
but the artisan of today lives, say, in  
London or New York, and lives better and  
cheaper for the same amount of money than  
he could fifty or seventy-five years ago.

Seventy-five years ago blankets were \$15 a  
pair, cotton cloth 25 cents a yard, and a  
bushel, and other things in proportion.

In a recent speech in Congress a member  
gave the yearly cost of supplies of a family  
of four persons, at the lowest point, includ-  
ing clothing and food, as follows:  
The articles included were 3 barrels of  
flour, 150 pounds of corn meal, 150 pounds of  
granulated sugar, 200 pounds of fresh beef,  
100 pounds of corned beef, 100 pounds of pork,  
24 pounds of lard, 16 pounds of ham, 100  
pounds of codfish, 12 pounds of tea, 75  
pounds of butter, 10 pounds of cheese, 4  
tons of coal, 1 bushel of beans, 12 bushels of  
potatoes, 3 pairs of shoes, 30 yards of cloth,  
20 yards of prints, 5 yards of denims,  
12 yards of satinet, and paid town rent,  
which was estimated at \$60 in 1885, and had  
declined to \$48 in 1885. The prices of these  
articles of prime necessity per barrel, pound,  
yard, ton, etc., are attached each year in the  
table referred to, and a steady reduction in  
the cost of every item is noted.

The yearly cost of these articles was as fol-  
lows:

Year.	Total cost.	Year.	Total cost.
1810	\$350.00	1877	\$251.51
1820	310.00	1878	242.25
1830	311.34	1879	232.83
1840	282.00	1880	222.11
1850	238.37	1881	216.00
1860	231.00	1882	202.47
1870	224.00	1883	192.85
1875	208.28	1884	184.25
1880	189.11	1885	179.11

In other words, it costs a family of four,  
using each year the above named articles,  
one third less to live now than in 1810.

The Philadelphia *Evening*, which  
can scarcely be accused of youthfulness or  
immaturity of judgment, has been scoring its  
contemporary, the *Times*, for the following  
statement:

"The weavers of England, or what we  
call pauper labor, earn nearly or quite as  
much, considering the cheaper necessities of  
life and the purchasing power of their wages."

While the above has the merit of being  
short and sweet, it has the demerit of being  
absolutely false, says *The North American*.  
When one has been carried to the highest  
peak of the mountain, and by means of  
surrounding mists and storms the landscape  
is shut out from view, a misstep or mistaking  
a haystack for a church are excusable errors.  
But when the weather is clear and the ob-  
server has nothing to obstruct his view;  
when he is living in the realms of fact, such  
his eyes and then tells he sees, then he  
utters falsehood; then he tells lies for which  
there is no excuse.

Here a statement of wages received in  
numerous industries:

Average Weekly Wages.	Massachusetts.	Great Britain.
Boots and shoes	\$9.73	\$4.90
Building trade	10.91	1.61
Carriages and wagons	11.02	6.43
Clothing	11.02	6.43
Cotton goods	7.08	4.69
Flax, linen and hemp goods	5.96	3.01
Glassware	10.11	12.44
Machinery	10.67	6.73
Metals	10.67	6.73
Printing and publishing	11.27	5.42
Dyeing, bleaching, etc.	8.07	4.94
Wooden goods	6.29	3.42
Food preparations	10.02	4.79
Shipsbuilding	20.44	8.14

Then comes the cost of necessities:

Articles.	New York.	Great Britain.
Bacon	10.60	24
Ham	10.60	24
Beef	10.60	24
Lard	10.60	24
Pork	10.60	24
Sugar	5.62	4.67
Tea	2.50	3.50
Coffee	3.40	4.40
Butter	12.00	12.00
Rice	6.60	4.60
Flour	4.60	3.60
Bread	3.60	2.60
Lard	15.60	15.60

Rent in London for artisans is from \$1.20  
to \$2.40 per week for one or two rooms, more  
for better accommodations; respectable lodg-  
ings for clerks or warehousemen at \$122  
to \$242 per annum. Small houses can be had  
for \$175 per annum, with taxes, which  
amount to about one-fifth of the rental.  
Small houses in Philadelphia rent from \$72  
to \$120 per year, the former for two rooms  
and the latter for three rooms. As for the  
other necessities, such as clothing, etc.,  
it is said to refer to them all a family can  
afford to spend there for light and fire is \$5  
per year, and that represents many a cold  
and shivering body. Shoes for the en-  
tire family of five, \$10.00; clothing for men  
\$13; clothing for wife, \$8.33, and clothing  
for children, \$10.47.

Their necessities are not supplied by any  
means, but the above represents what they can  
possibly afford to spend. Information re-  
ceived this week gives the average wage of  
weavers in the United States at \$10 and \$11  
per week and in England \$4.50 to \$5.50.

What is all this about? The free trader  
wants to force the American working people  
to admit free of duty the products of foreign  
labor. The more of these productions that  
are admitted the less we will be called upon  
to produce ourselves. The less we work the  
less money we will have and that is the  
long and short of it.

## SPECIAL BUSINESS NOTICES.

what in the world does a man want with either  
when he has his health and his mind, and these  
three! Give him but a bottle of Sarsaparilla, the  
greatest cure on earth for blood. Price 25 cents.

Awfully when I told her what to do for those  
horrid pimples with which her face was covered.  
She now says if you want a pink and white com-  
plexion, with a nice, clear, smooth skin, you must  
use that best of all blood purifiers, Sulphur Bitters.

## MEETING OF KINGSTON BOARD OF EDUCATION, LAST NIGHT.

The Pupils Registered and the Average Attendance at Schools Nos. 5, 8, 11 And 15-Reports of Collector And Treasurer, Etc.

A master, it is him have but a moderate tincture of business, will fail to credit clerical application and genius, wherever he finds it.—*Quintilla*.

A meeting of the Kingston Board of Education was held last night. Reports of Principals were read, as follows:

Kingston Academy..... 135  
School No. 5..... 329  
School No. 8..... 352  
School No. 11..... 196  
School No. 15..... 301

Professor Cheney said there are 24 pupils in the Normal Class.

Professor Barrow said he expected 30 more pupils. School Number 8 as soon as the new crops are finished.

The Principal of No. 11 said that the report on every forenoon had been marked with good results.

The Finance Committee reported bills audited for the month of September, \$23,948.96.

The report of the Collector was as follows: Collected since last report, \$557; paid to Treasurer, \$1,500.

Treasurer's report was read: Balance on hand at last report, \$12,757.91; receipts since, \$3,040.75; disbursements, \$4,736.35; balance Oct. 29, \$1,062.31.

The question as to whether pupils residing outside of the Kingston School District should pay tuition fees, it was stated that a bill from the Industrial Home would charge \$1 a month for schooling at Number 5, which was not paid. It was stated that one woman, who claimed she was too poor to pay tuition for her son, was found to own a brick house. The Superintendent reported that there were 30 or 40 pupils in schools which should not do so.

It was alleged that the Board was often imposed upon, for instance, one person made affidavit that "her" child was going to school, it turned out that it was not her child, but one whose home is out of town.

Several persons were heard in regard to their children going to School Number 8, they claiming that they were ordered to Number 15 after they had been students at Number 8 for a long time. They asked that the children be allowed to return to Number 8.
